## Lot Information

Kohala Estates is a community designed for those who embrace uniqueness and want to be surrounded by natural rural beauty and the spectacular vistas of the ocean, coastline, mountains and sunsets. The Kohala Estates night sky is preserved by having street lighting at only key locations. Here the stars are so brilliant, you will not believe the difference.

You will be able to see that the views from this lot should remain as the elevation drops considerably to the lot below. This is a flag lot and away from any road noise.
